

## 2015 SAUVIGNON BLANC MUSQUÉ CLONE

### A TRADITION OF SUSTAINABLE WINEGROWING

As a fifth generation farm family, sustainable winegrowing is a way of life. We learned early on that to be generational we must be sustainable. As a result, our dedication to improving vineyard practices and health of our surrounding natural environment is how we farm. After nearly 30 years, agriculture continues to be the core of who we are and in 2006 we opened our own winery to show that great wine begins in the vineyard. Our 2015 Sauvignon Blanc carries on this proud tradition of sustainable winegrowing.

### GROWING SEASON

The heavy rains in December 2014 coupled with sporadic spring storms slightly eased the early season vine stress due to California's ongoing drought conditions. Warm windy days and cooler than average nights in April and May led to slow crop development as well as small berry and cluster sizes. We did see warmer than average temperatures in June and typical July weather that resulted in an early, intense harvest with lower yields on average. The season began almost three weeks ahead of normal and was completed by the end of September. Throughout the season, we worked hard to keep up with the fast paced harvest to deliver winegrapes at the optimal time with our winemaking team loving the concentrated colors and fruit flavors.

### VINEYARD NOTES

The Jahant Vineyard is located in the Lodi Appellation where the cool nights keep the acidity just right for a balanced wine. Each year we have a consistent quality in our "Musqué Clone" and are pleased with the unique fruit flavors that come from the vineyard.

### WINEMAKER NOTES

Zesty lemon, grapefruit and a hint of tropical notes highlight our 2015 Sauvignon Blanc. A touch of gooseberry adds a freshness to the bright citrus and crisp fruit character. These vivid aromas and flavors make for a refreshing wine that is easy to enjoy.
