SAND POINT

FAMILY VINEYARDS

WHERE FAMILY AND NATURE MEET

Sand Point is a special place in Acampo, California where members of our family have enjoyed spending time and appreciating the beauty of nature. In the midst of our vineyards lies a river basin with surrounding native plants and animals. Our family has upheld the landscape to ensure future generations can have their own joyful times alongside nature. Our devotion to Sand Point is the same dedication we have for winegrape growing.

Our family has been farming the land surrounding Sand Point since the late 1940's - following the end of World War II. This was long before the region was designated an American Viticultural Area, which happened in 1986.

The sustainably certified vineyards we use to craft Sand Point wines are only a few short miles from the ranch where Sand Point lies, in the heart of the Lodi Appellation. The classic Mediterranean climate and its sandy soil provide the perfect conditions for quality wines. - The LangeTwins Family

TASTING NOTE

Our Sauvignon Blanc has focused aromas of bright green apple and vibrant citrus notes that are softened by a mellow melon character. The lively aroma carries through to the palate as lemon zest flavors melded with slight tropical fruit undertones. The crisp finish makes this a refreshing wine from beginning to end.

WINEMAKER	<i>Karen Birmingham</i>
WINEGROWERS	<i>LangeTwins Family</i>
