SAND POINT

FAMILY VINEYARDS

WHERE FAMILY AND NATURE MEET

Sand Point is a special place in Acampo, California where members of our family have enjoyed spending time and appreciating the beauty of nature. In the midst of our vineyards lies a river basin with surrounding native plants and animals. Our family has upheld the landscape to ensure future generations can have their own joyful times alongside nature. Our devotion to Sand Point is the same dedication we have for winegrape growing.

Our family has been farming the land surrounding Sand Point since the late 1940's - following the end of World War II. This was long before the region was designated an American Viticultural Area, which happened in 1986.

The sustainably certified vineyards we use to craft Sand Point wines are only a few short miles from the ranch where Sand Point lies, in the heart of the Lodi Appellation. The classic Mediterranean climate and its sandy soil provide the perfect conditions for quality wines. - The LangeTwins Family

TASTING NOTE

Bright tropical fruit and rich, toasty oak notes highlight our 2017 vintage. Layered within these straightforward aromas and flavors are hints of bright, crisp apple notes, balanced by a vanilla character. With vibrancy and richness, this is an approachable wine that is easy to enjoy.
